

# 2 Counting On

## Here's How

Find the sum.

$$3 + 2 = \underline{\quad}$$

You can **count on** to find the sum.

Start with 3, the greater number.

Count on 2 more. ▶ Say: 3, 4, 5

+1 +2

Write the answer. ▶ The **sum** of  $3 + 2$  is 5

## Try These

Find each sum.

Count on to add. ▶ 1.  $2 + 2 =$   Count on 2 more.

Say: 2, 3, 4

+1 +2

2.  $3 + 4 =$   Say: 4, 5, 6, 7

+1 +2 +3

3.  $3 + 1 =$   Say: 3, 4

+1

4.  $1 + 4 =$

5.  $2 + 5 =$

6.  $5 + 1 =$

Find each sum.

**TIP**

Start with the greater number. Then count on.

1.  $2 + 4 =$  \_\_\_\_\_

2.  $3 + 2 =$  \_\_\_\_\_

3.  $5 + 1 =$  \_\_\_\_\_

4.  $2 + 2 =$  \_\_\_\_\_

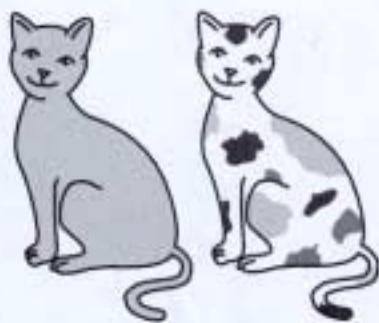

5.  $4 + 2 =$  \_\_\_\_\_

6.  $5 + 2 =$  \_\_\_\_\_

7.  $1 + 2 =$  \_\_\_\_\_

8.  $3 + 3 =$  \_\_\_\_\_

9.  $1 + 3 =$  \_\_\_\_\_

10. Jenny has two cats. If she gets one more, how many cats will she have then?

\_\_\_\_\_ cats
