## **Problem Solving Skills and Applications**

Pre-Test.....	3
<b>Lesson 1</b> Locate the Facts and the Question .....	4
<b>Lesson 2</b> Understand the Question (add and subtract).....	6
<b>Lesson 3</b> Understand the Question (multiply and divide).....	8
<b>Lesson 4</b> Choose the Correct Operation .....	10
<b>Lesson 5</b> Choose the Correct Number Sentence.....	12
<b>Lesson 6</b> Write a Number Sentence.....	14
<b>Review and Application</b> .....	16
<b>Lesson 7</b> Solve Problems (addition, subtraction, multiplication, division).....	18
<b>Lesson 8</b> Estimate the Answer .....	20
<b>Lesson 9</b> Choose the Best Estimate .....	22
<b>Lesson 10</b> Identifying Missing Information.....	24
<b>Lesson 11</b> Identify Extra Facts and Solve.....	26
<b>Lesson 12</b> Guess and Check.....	28
<b>Review and Application</b> .....	30
<b>Lesson 13</b> Work Backward .....	32
<b>Lesson 14</b> Using Fractions .....	34
<b>Lesson 15</b> Read and Use a Road Map .....	36
<b>Lesson 16</b> Read and Use a Picture Graph .....	38
<b>Lesson 17</b> Read and Use a Bar Graph.....	40
<b>Lesson 18</b> Draw a Diagram to Solve Problems .....	42
<b>Review and Application</b> .....	44
Post-Test .....	46
Answer Key.....	47
